

Howdy!

My name is Kyla Y. Alvarado, I am the current Charity Liaison in Aggie Blossoms, a women's organization at Texas A&M University. Aggie Blossoms was established in 2014, and since then has continued to advocate for a positive impact of families within the Bryan-College Station area. Through our participation in numerous events throughout the community, we can generate a positive impact on the community as well as develop women of character along the way. This year I will have the privilege of being in charge of hosting the third annual Canstruction event benefiting Twin City Missions.

Canstruction is an event where teams through the use of canned food, build structures of all shapes and sizes. The event aids in spotlighting the participants' creativity as well as their intricate use of engineering and architecture in their design. I am proud to announce that the theme for the 2020 Canstruction will be 'Deep in the Heart of Canstruction', a Texas based theme that will allow participants to use their skills as well as convey their love for the Great Lone Star State. The event will be held within Rudder Exhibit Hall, located in Rudder Tower at Texas A&M University, from February 29 - March 3, 2020. After the event, all of the cans will then be donated to Twin City Missions who will distribute them throughout their facilities to aid the underserved population in the Bryan-College Station area with over 50,000 hot meals they prepare each year. This previous year we donated over six thousand pounds of food to Twin City Missions so as the need arises, my goal is to exceed our previous results to promote a bigger, more beneficial event this coming year. As I speak for Aggie Blossoms, I know we are all excited to continue to grow this event.

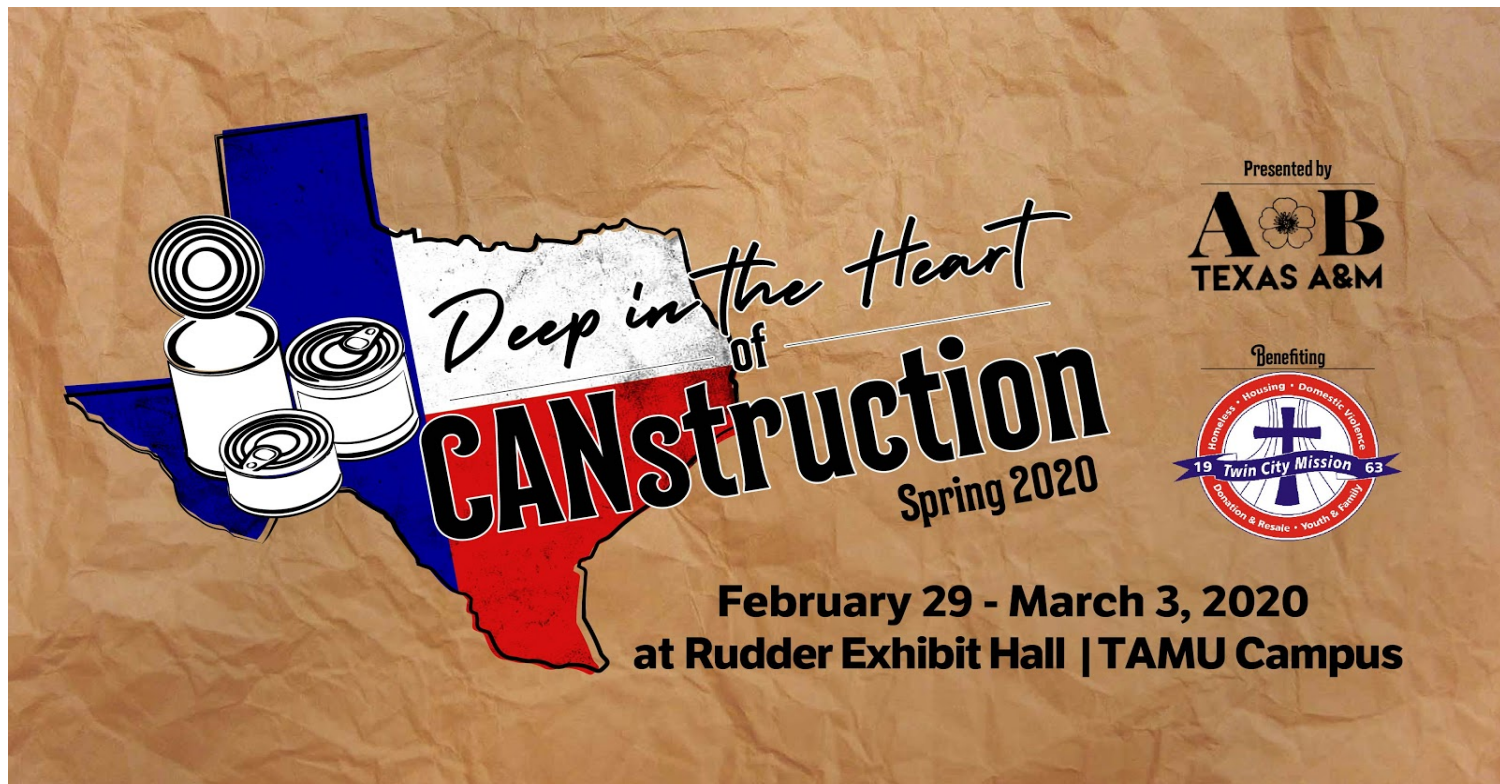

We are currently in search of sponsorships for the upcoming event. This will help to cover the expense of purchasing cans that will then be donated after the event along with other expenses that arise with hosting the event. All proceeds of the event will be going to Twin City Missions. Along with this, I have attached our sponsorship levels with more information regarding each level as well as its benefits.

I would like to sincerely thank you for taking the time to consider helping us make this a successful event for the Bryan/College Station area. I am looking forward to hearing back from you. If you have any questions or would like to talk over the phone or in-person, please do not hesitate to reach me.

Thanks & Gig 'em,

Kyla Y. Alvarado '20

Charity Liaison, Aggie Blossoms

WHO

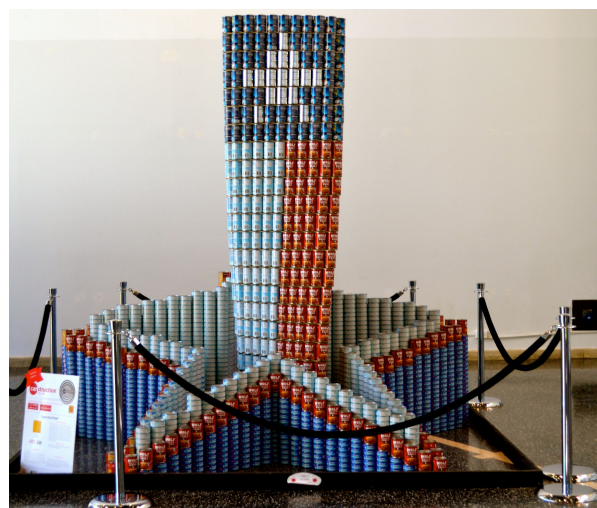

Teams of Bryan/College Station Architects, Engineers, Contractors, Designers, and other Organizations.

WHAT

Design and build structures with the use of your own creativity on the theme as well as their intricate use of engineering and architecture in their design.

WHEN

Jan 24th	Sign-up deadline for TAMU organizations
Feb 14th	Sign-up deadline for outside companies
Feb 29th	Build Day
March 1st	Judging and Awards, time TBA
March 2nd-3rd	Viewing
March 3rd	De-Canstruction

WHERE

Rudder Exhibit Hall, Rudder Tower
401 Joe Routt Blvd, College Station, TX 77843

WHY

To benefit the Bryan-College Station community with the contribution of cans to Twin City Missions in support of the 50,000 hot meals they serve each year.

HOW

Go to twincitymissions.org/canstruction to enter or contact Kyla Alvarado at bcscanstruction@gmail.com if you have any questions!
